WHAT IS SILVER SNEAKERS?

If you are about to turn 65, you might have heard about “Silver Sneakers” and wondered what it is and how it works. Well simply put, Silver Sneakers Medicare is a fitness program for seniors. Let me elaborate on that. The primary mission of the program is to help seniors reach a standard of living that applauds optimum health and wellness. It is aimed at getting the elder generation, including baby boomers moving about and feeling better about themselves. It provides memberships at local fitness centers to qualifying Medicare recipients. There are over 13,000 fitness locations across the country, offering access to all club amenities, i.e. indoor/outdoor pools, steam, sauna, whirlpools, weights, fitness classes for all levels (led by certified instructors). There are program counselors who serve as informational resources and personal trainers available to guide you during your workout.
