Why Work With Us

Description

We appreciate you visiting our website. If you are â??shoppingâ?• for a Medicare plan, we understand your pain. You are bombarded with a ton of information and most of it is of the slick sales pitch variety and/or heavily slanted.

We do business a different way. Our mission is to educate, inform and be a resource for your plan comparing and ultimate selection â?? all on your terms.

Our clients have great things to say about what we do â?? read our Google reviews at the bottom of this page, Facebook reviews, or **listen for yourself below.**

Our service is free and signing up for a plan through us is free. You pay the same premium whether or not you have us as a resource. Although free, our help is not without value. When we help you sign up for a plan, you gain access to:

- Our free, ongoing help/guidance. **You are paying for us whether you use us or not**, as the commissions insurance companies pay agents are built into the premiums everyone pays for Medicare insurance
- **Annual Part D reviews and support.** We help clients compare Part D plans (prescription drug coverage) annually at no cost to you. Part D is often the most complex â??partâ?• of Medicare. As a part of this, we also **provide annual Medigap reviews** to make sure you have the best pricing on your selected plan.
- Our **combined 30+ years of experience in Medicare and Medicare plans.** The average longevity of an insurance broker is 2-3 years â?? most of the people in our space turn over frequently. Weâ??ve been at this a while and arenâ??t going anywhere.
- Our exclusive attention on Medicare and Medicare plans, since we work exclusively with Medicare insurance and primarily with those who are **turning 65**
- **Lifetime claims resolution support** (although rarely needed with Medigap due to the Medicare â??crossoverâ?•)
- **Quarterly informative Medicare updates and information** â?? part of our education focus
- **Our impartiality â??** as an **independent agency**, we can work with any of the companies selling policies in your state. Our loyalty is to the client, not a specific insurance company.
- **Direct access to ownership â??** we are a niche agency, so you donâ??t deal with an hourly employee in a call center when you call or email us. You are dealing with an agency owner or directly with your certified/licensed broker.
